Price per Unit (piece): £279.99 (including 17.5 %
tax)

BigEye Lens For the Fuji FXF80/100/200 Underwater Housing

Patented Wide Angle Lens for the FujiFilm WP-FXF80/100/200 housings, which fits over the housing's port and can be installed and removed during the course of the dive.

Perfect for shooting seascape, divers, ship wrecks and schools of fish, without moving further away from the subject, thereby still taking full advantage of water clarity and artificial light sources.

Specially designed for the FujiFilm WP-FXF100, WP-FXF200, WP-FXF80 underwater camera housings.

Specifications:

- Depth rated to 60m/200 feet
- Field of view recovery (magnification): 105% (X0.7)
- Angle of coverage: 80 degrees
- Lens material: Optical glass, hard coated plastic and anodized aluminum
-

Weight: 492g

•

Dimensions: 157x67mm
